

InRaSS Colloquium Series

4th Talk (13th August, 2023 18:00 – 19:00 IST)

Webinar on:

Lunar Missions of India

A S Kiran Kumar (Padma Shri)

Vikram Sarabhai Professor at ISRO and Member of the Space Commission, Govt of India (Formerly, Chairman, ISRO)

Moon the closest celestial companion of the Earth has always fascinated and enthralled humans from time immemorial. As the technological capability of India grew since its Independence in 1947, it has developed probes which have been sent to the Moon and the Mars.

This talk brings some details of India's efforts to reach and explore the Moon through space probes Chandrayaan One (2008), Two (2019) and Three (2023).

Organised by: Indian Radio Science Society
(InRaSS)
